

PERFORMANCE OVERVIEW

Within System 23, the **P33** and **P50** Louvres have been independently weather tested at BSRIA to **EN 13030** and are capable of achieving the following results:

P33 Water Resistance	Up to Class A
P50 Water Resistance	Up to Class A

Geometric | Physical free area:

Louvre	Without Mesh
P33	44%
P50	51%

The Geometric | Physical free areas exclude the outer frame, top infill, and bottom blade.
