

PERFORMANCE OVERVIEW

The Modular Guardhouse is a Blast and Ballistic Structure combining the benefits of high quality finished aluminium windows with the strength of steel to provide a secure environment, in the event of an explosion or ballistic attack.

Protection Classifications:

Each system can be designed to resist the anticipated threat:

Forced Entry	5 minutes
---------------------	------------------

Ballistic Resistant:	
Glazing	up to BR7 BS EN 1063
Structure	up to FB7 BS EN 1522 & 1523

Blast Resistant:	
14kg	@ 2 metres
100kg	@ 6 metres

Bespoke design requirements can be accommodated based on client specification
